SUMMARY OF THE REASONS FOR DECISION:

The computer image file entitled *LL-B1 32b* is classified as:
Objectionable.

The JPEG computer image file is one of a total 280 image files stored on a Jaz disk and submitted together. The file contains a black and white photograph.

The computer image file promotes and supports the exploitation of children for sexual purposes, by explicitly depicting an adult male engaged in sexual activity with a naked girl who presents as pre-pubescent. The medium in which the image is presented facilitates wide distribution and proliferation of the image. The main purpose of the publication is the titillation or sexual stimulation of adults with a prurient interest in children.

The publication promotes and supports an activity listed in s3(2) of the Films, Videos and Publications Classification Act 1993, deeming the publication objectionable. This deeming provision limits the rights and freedoms of expression specified by s14 of the New Zealand Bill of Rights Act 1990 (NZBR Act). This limit is prescribed by law, consistent with the directions of s5 of the NZBR Act.
